

## Community Partner Opportunities

Organic Fruits and Veggies is a non-profit food cooperative who promotes eating organic fruits and veggies and a healthy and active lifestyle within our community. Our mission is to help families in Durham Region save time and money when purchasing healthy organic food.

We are looking to create a community partner network with local businesses, farms, gardens and organizations who share the same ideas in health and wellness as the team at Organic Fruit and Veggies.

We are excited to be celebrating our first year connecting families in Durham Region to affordable organic fruits and veggies, while promoting healthier living. Organic Fruits and Veggies would like to invite you to become a Community Partner of our cooperative to help us continue to grow and provide this great service to more families in our community.

We are currently delivering to: Pickering, Ajax, Whitby, Oshawa, Bowmanville, Courtice, Orono and Port Perry and would like to expand to other communities within Durham Region.

We are excited at the opportunity to work with community members such as yourself who share our passion and community spirit.

Please find attached our Community Partner information.

If you have any questions, please feel free to contact me at [info@organicfruitsandveggies.com](mailto:info@organicfruitsandveggies.com).

Thank you,

Debra Macapagal
